Profile

I'm a 23-year old social, analytical and hard-working information technology student from Tampere. I'm currently on my third year studying at Tampere University. I'm a very fast learner and I have great interest in the field of technology. I have experience in customer service, so I get along well with people. I am constantly looking for new opportunities to gain work experience, develop myself in responsible work and various jobs in the field of technology.

Work experience

TASKMILL OY

IT Specialist / Agile sales Specialist • October 2022 -

- I am currently working at Taskmill as a IT specialist / Sales Specialist. My job description includes, among other things, the development and maintenance of the company's website, Device management and consultant sales expert duties.

FUJITSU FINLAND OY / BARONA IT OY

System Specialist / Service desk • January 2022 - August 2022

- I worked from January to August at Fujitsu as a Service Desk agent. There I learned more about managing information systems and using AD. My tasks are mainly ticket management.

ISTEKKI OY

System Specialist • June 2021 - September 2021

- In the summer of 2021, I worked at Istekki as a systems Specialist, where I worked in IT support and mobile device maintenance and installation tasks. I learned a lot about information system management and improved as a team worker. I also worked as a trainer for new employees.

Education

TAMPERE UNIVERSITY

Information technology

- I am currently studying for the third year of an IT degree program. I should graduate with a Bachelor of Engineering 2023 and a Master of Engineering 2025.

F.E.SILLANPÄÄN LUKIO

Year of graduation 2018
